

# CACCI

Comprehensive Action for  
Climate Change Initiative

## CACCI IS A CALL TO ACTION TO: Accelerate NDC and NAP Implementation

**Clarify ambitions and set policy agendas**, by establishing a baseline and conducting stocktaking and status assessments

**Strengthen human capacity and improve institutional infrastructure** by building expertise of local, regional and national actors, through and developing data, analytics and tools

**Facilitate implementation and progress towards net zero carbon with up to 500 million people more resilient** through leadership coordination and developing pathways for impact

**Track progress and report and monitor against indicators** through analysis and assessments, maintaining dialogues and establishing mutual accountability
